MORA INXX II toilet roll holder

Angular and uniform, in finishes that draw the eye, the Mora Armatur's toilet roll holder is a piece to behold.

Uniform lines and a strong gauge tubular structure give this toilet roll holder a strong aesthetic. Careful attention has gone into to the depth at which it holds a roll of paper from your wall and the balance of round and straight forms add a structural artistry. Choose from polished or brushed brass, sleek chrome or matte white and black for a modern edge.

Article number: 521051.60

Description: Polished brass PVD

- With screw and plug
