

Unique characteristics

Backflow protection unit type 

INXX II soft, high basin mixer

INXX II basin mixers are available in three different heights, including medium which is suitable for larger basins. With its durable chrome finish and essential design, the INXX II soft enhances the feeling of comfort, quality and elegance in your bathroom. The mixer has been tested and approved according to current building regulations and is energy-efficient, which means it reduces water and energy use without compromising on comfort. A push down-waste in a matching colour is available as an accessory.

About the collection

INXX II is an elegant, timeless collection in a palette of carefully selected colours. Offering a combination of high quality, sober design and outstanding comfort, this is the ultimate collection.
