Reinigung

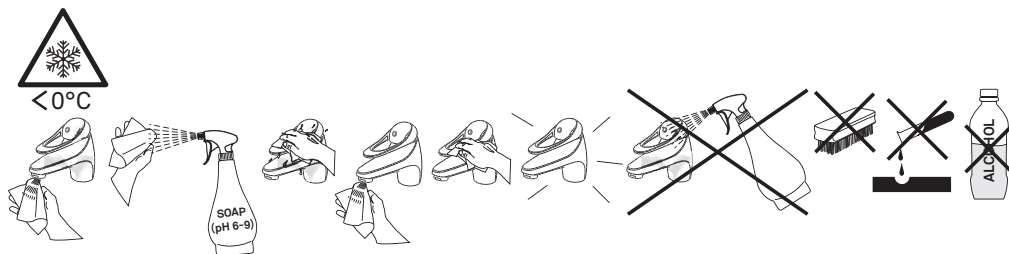

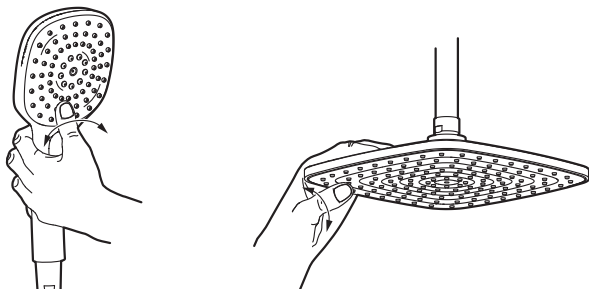

Für einen maximalen Duschkomfort muss das Duschsieb sauber gehalten werden. Das Duschsieb lässt sich einfach reinigen, indem Sie beim Duschen mit den Fingern die Sieboberfläche abreiben. Die folgenden Abbildungen dienen lediglich zur Veranschaulichung und gelten für alle Duschkopfmmodelle.

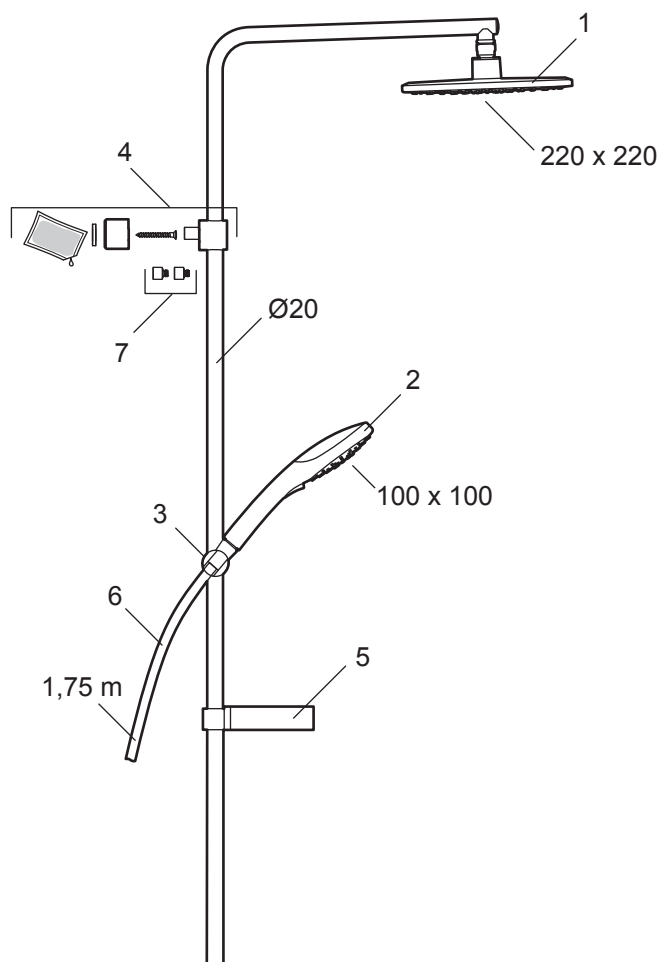

Schoonmaken

Om optimaal van het douchen te genieten, is het belangrijk dat u de douchezeef schoonhoudt. U kunt de douchezeef eenvoudig schoonmaken door met uw vingers over de zeefplaat te wrijven terwijl de douche loopt. De onderstaande afbeeldingen zijn alleen als illustratie bedoeld en gelden voor alle douchekopmodellen.

Nettoyage

Il est important de conserver le pommeau de douche propre pour une expérience de douche optimale. Le nettoyage du pommeau de douche s'effectue aisément en frottant vos doigts sur la grille tout en laissant couler l'eau. Les images ci-dessous sont uniquement fournies à titre d'illustration et s'appliquent à tous les modèles de pommeaux de douche.
