

Unique characteristics

MORA MARE IX, bathtub

A lavish bathing experience and striking aesthetic combine in a freestanding bath made for 'me time'. A bold, thick rim gives Mare IX a genuine presence and the unidirectional profile allows for both comfortable relaxation and functional showering.

Our advanced overflow design reduces the risk of overfilling your bath.

About the collection

The calming Mare range, meaning ocean in Latin. Freestanding baths in premium acrylic with a lighter edge thickness. Clean lines and easy curves combine with function and convenience.

In any color you want
