

MORA CARA I, mirror

Cara shares a similar design to our Solo I, with a touch-controlled LED frame behind white acrylic which surrounds the mirror. Cara's lighting can be adjusted in brightness and tone to enhance the atmosphere of your space.

Its function can be further enhanced with the addition of built-in Bluetooth speakers for the ultimate in mood spaces.

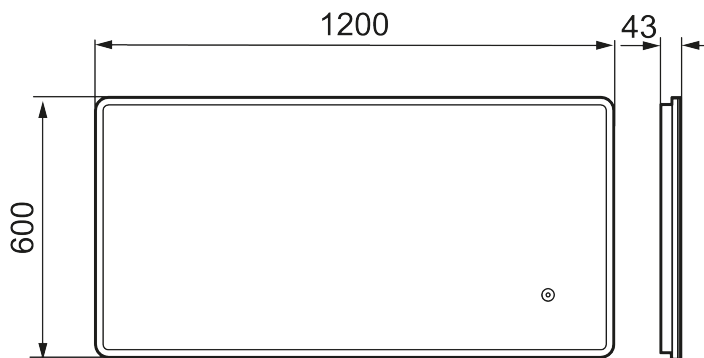

About the collection

Minimal design, with concealed LED framing and optional Bluetooth speaker system in a package that gives atmospheric a new meaning.

Article number: 953113 **RSK:** 8879852
